**Safety Data Sheet (SDS)** 

Revision Number: 4.0	Last updated 23 July 2019			
1. Product and Company Identification				
Product Name:	Ryanodine receptor 1 (RyR1) (3614-3643); Calmodulin Binding Peptide (CaMBP) H - KSK KAV WHK LLS KQR RRA VVA CFR MTP LYN - OH			
Manufacturer/Supplier:	AnaSpec, Inc.  www.anaspec.com  34801 Campus Drive  Fremont, CA 94555  Tel: 510-791-9560  Fax: 510-791-9572  Email: service@anaspec.com			
	Kaneka Eurogentec SA, Rue du Bois Saint Jean 5 4102 Seraing Belgium Tel. +32-4-3727400 Fax. +32-4-3727500 E-mail info@eurogentec.com			
	Kaneka Eurogentec Helpdesk Tel. +32-4-3727665			
Catalog Number	AS-64606			
Relevant identified uses of the substance/preparation and uses advised against	For laboratory use only.			
Emergency information	Please contact the regional Eurogentec representation in your country or Kaneka Eurogentec S.A. directly (from 8 am to 6 pm)			
2. Hazards Identification  Emergency Overview: We do re	ecommend handling all chemicals with caution. Use proper			
protective equipment (PPE) when hand have not been thoroughly investigated.	dling chemicals. To our knowledge, the hazards of this material			
	angerous substance according to the GHS  cards: Not a dangerous substance according to the GHS			

GHS Signal Words: None

GHS Hazard Statements: None

GHS Precautionary Statements: None

Potential Health Effects for:

Inhalation: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give

oxygen. Good hygiene practice requires that exposure be kept to a minimum and that suitable control

measures be used in an occupational setting.

Ingestion: If swallowed, wash out mouth with water provided person is conscious. Call a physician.

Skin: In case of contact, immediately wash skin with soap and copious amount of water.

Eyes: In case of contact, immediately flush eyes with copious amounts of water for at least 15 minutes.

Chronic Exposures: No information available. We recommend limiting prolonged exposure.

Target Organs: No information available

HMIS Classification

Health hazard: 0

Chronic Health Hazard: 0

Flammability: 0

Physical hazards: 0

NFPA Rating

Health hazard: 0

Fire: 0

Reactivity Hazard: 0

# 3. Composition

Ingredients/Components:

Chemical Name: Ryanodine receptor 1 (RyR1) (3614-3643); Calmodulin Binding

Peptide (CaMBP)

H - KSK KAV WHK LLS KQR RRA VVA CFR MTP LYN - OH

Molecular formula: NA Molecular weight: 3616.6

CAS-No NA EC-No NA

## 4. First Aid Measures

Inhalation:	If dust is inhaled, remove from contaminated area.  Encourage patient to blow nose to ensure clear passage of breathing.  If irritation or discomfort persists seek medical attention.
Ingestion:	If swallowed do <b>NOT</b> induce vomiting.  If vomiting occurs, lean patient forward or place on left side (head-down position, if possible) to maintain open airway and prevent aspiration.  Observe the patient carefully.  Give water to rinse out mouth, then provide liquid slowly and as much as casualty can comfortably drink.
Skin:	Seek medical advice.  If skin or hair contact occurs: Flush skin and hair with running water (and soap if available). Seek medical attention in event of irritation.
Eyes:	If this product comes in contact with the eyes: Wash out immediately with fresh running water. Ensure complete irrigation of the eye by keeping eyelids apart and away from eye and moving the eyelids by occasionally lifting the upper and lower lids. If pain persists or recurs seek medical attention.

T	<u>sures</u>	TXX			
Extinguishing media:		Water spray or fog.			
		Alcohol resistant foam.  Dry chemical powder.			
		BCF (where regulations permit).			
		Carbon dioxide			
		Caroon dioxide			
Special firefighting procedures:		Alert Emergency Responders and tell them location and nature of			
		hazard.			
		Wear breathing apparatus plus protective gloves.			
		Prevent, by any means available, spillage from entering drains or water			
		course.			
		Use water delivered as a fine spray to control fire and cool adjacent			
		area.			
		<b>DO NOT</b> approach containers suspected to be hot. Cool fire exposed containers with water spray from a protected location.			
		If safe to do so, remove containers from path of fire.			
		Equipment should be thoroughly decontaminated after use.			
		Equipment should be thoroughly decontainmated after use.			
Unusual fire and explosions hazards:		Emits toxic fumes under fire conditions			
6. Accidental Release					
Spill response		Remove all ignition sources.			
		all spills immediately.			
		atact with skin and eyes.  Personal contact by using protective equipment.			
		Use dry clean up procedures and avoid generating dust. Place in a suitable, labeled container for waste disposal			
1		Avoid all personal contact, including inhalation.			
Containment	Avoid all	personal contact, including inhalation.			
Containment		personal contact, including inhalation. ective clothing when risk of exposure occurs.

Keep container tightly clos	ed in a dry well-ver	ntilated pl	lace. Store in -20 °C, dry refrigerator.			
11. Toxicological Inform	ation_					
RTECS Number			N/A			
Toxicity			No information available.			
Health Hazards			Although ingestion is not thought to produce harmful effects, the material may still be damaging to the			
			health of the individual following ingestion, especially			
			where pre-existing organ (e.g. liver, kidney)			
			damage is evident. In an occupational setting however,			
			ingestion of insignificant quantities is not thought to be			
Potential Hazards			cause for concern.  Not available			
1 очения падагаѕ			INOL AVAILABLE			

Carcinogenicity:	No significant acute toxicological data identified
OSHA Permissible Exposure Limit(PEL) Data	N/A
ACGIH Threshold Limit Values (TLV)	N/A

Reproductive Toxicity: No information available

#### 12. Ecological Information

No information available.

#### 13. Disposal Considerations

All waste must be handled in accordance with local, state and federal regulations. Legislation addressing waste disposal requirements may differ by country, state and/ or territory. Each user must refer to laws operating in their area. In some areas, certain wastes must be tracked.

### 14. Transport Information

Hazard Class	N/A
Identification Number	N/A
Packing Group	N/A
Proper Shipping Name (DOT)	N/A

## 15. Regulatory Information

California Proposition 65: N/A

US TSCA (Toxic Substance Control Act): N/A

US CERCLA (Comprehensive Environmental Response, Compensation, and Liability Act: N/A

US SARA Title III (Superfund Amendments and Reauthorization Act: N/A

US Other: N/A

EC EINICS (European Inventory of Existing Commercial Chemical Substances) Number: N/A

EC Risk Statements: N/A

Other Country Regulations: N/A

### 16. Other Information

It is not intended for food, drug, household, agricultural or cosmetic use. A technically qualified individual experienced in handling potentially hazardous chemicals must supervise its use. The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. Users should make independent decisions regarding completeness of the information based on all sources available. AnaSpec shall not be held liable for any damage resulting from handling or from contact with the above product.
