| Wear goggles, gloves and lab coat when handling this product. Where risk assessment shows airpurifying respirators are appropriate use a full-face respirator with multi-purpose combination (US) of type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU). |                     |  |  |  |  |
