Safety Data Sheet (SDS)

| Revision Number: 3.0 | <u> </u> | Last updated | 31 July 2019 |
|--|--|---|--------------|
| 1. Product and Company Identification | <u>on</u> | | |
| Product Name: | | it, FAM labeled GR KKR RQR RRC STR IRR QL - NH | 2 |
| Manufacturer/Supplier: | Kaneka Eur Rue du Bois Tel. +32-4-3 Fax. +32-4- | ec.com pus Drive A 94555 1-9560 1-9572 ce@anaspec.com ogentec SA, s Saint Jean 5 4102 Seraing Belgium 3727400 | |
| | Kaneka Eur Tel. +32-4-3 | ogentec Helpdesk 3727665 | |
| Catalog Number | AS-63852 | | |
| Relevant identified uses of the substance/preparation and uses advised against | For laborate | ory use only. | |
| Emergency information | | act the regional Eurogentec representa Kaneka Eurogentec S.A. directly (from | • |
| 2. Hazards Identification | | | |
| | | dling all chemicals with caution. Use pro . To our knowledge, the hazards of this mater | |
| | | ance according to the GHS angerous substance according to the GHS | |
| GHS Signal Words: None | | | |

GHS Hazard Statements: None

GHS Precautionary Statements: None

Potential Health Effects for:

Inhalation: If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give

oxygen. Good hygiene practice requires that exposure be kept to a minimum and that suitable control

measures be used in an occupational setting.

Ingestion: If swallowed, wash out mouth with water provided person is conscious. Call a physician.

Skin: In case of contact, immediately wash skin with soap and copious amount of water.

Eyes: In case of contact, immediately flush eyes with copious amounts of water for at least 15 minutes.

Chronic Exposures: No information available. We recommend limiting prolonged exposure.

Target Organs: No information available

HMIS Classification

Health hazard: 0

Chronic Health Hazard: 0

Flammability: 0
Physical hazards: 0

NFPA Rating

Health hazard: 0

Fire: 0

Reactivity Hazard: 0

3. Composition

Ingredients/Components:

Chemical Name: gp91 ds - tat, FAM labeled

5-FAM - YGR KKR RQR RRC STR IRR QL - NH2

Molecular formula: NA Molecular weight: 3031.6

CAS-No NA EC-No NA

4. First Aid Measures

| Inhalation: | If dust is inhaled, remove from contaminated area. |
|-------------|---|
| innaiaiion: | |
| | Encourage patient to blow nose to ensure clear passage of breathing. |
| | If irritation or discomfort persists seek medical attention. |
| Ingestion: | If swallowed do NOT induce vomiting. |
| | If vomiting occurs, lean patient forward or place on left side (head-down position, if possible) to |
| | maintain open airway and prevent aspiration. |
| | Observe the patient carefully. |
| | Give water to rinse out mouth, then provide liquid slowly and as much as casualty can comfortably |
| | drink. |
| | Seek medical advice. |
| Skin: | If skin or hair contact occurs: |
| | Flush skin and hair with running water (and soap if available). |
| | Seek medical attention in event of irritation. |
| Eyes: | If this product comes in contact with the eyes: |
| | Wash out immediately with fresh running water. |
| | Ensure complete irrigation of the eye by keeping eyelids apart and away from eye and moving the |
| | eyelids by occasionally lifting the upper and lower lids. |
| | If pain persists or recurs seek medical attention. |
| | r |
| | |

| T | <u>ures</u> | lvv. | | |
|---|--|--|--|--|
| Extinguishing media: | | Water spray or fog. | | |
| | | Alcohol resistant foam. | | |
| | | Dry chemical powder. | | |
| | | BCF (where regulations permit). Carbon dioxide | | |
| | | Caroon dioxide | | |
| Special firefighting pro | cedures: | Alert Emergency Responders and tell them location and nature of | | |
| | | hazard. | | |
| | | Wear breathing apparatus plus protective gloves. | | |
| | | Prevent, by any means available, spillage from entering drains or water course. | | |
| | | Use water delivered as a fine spray to control fire and cool adjacent | | |
| | | area. | | |
| | | DO NOT approach containers suspected to be hot. | | |
| | | Cool fire exposed containers with water spray from a protected location. | | |
| | | If safe to do so, remove containers from path of fire. | | |
| | | Equipment should be thoroughly decontaminated after use. | | |
| Unusual fire and explosions hazards: | | Emits toxic fumes under fire conditions | | |
| 6. Accidental Release | Measures | | | |
| Spill response Remove all ignition sources. | | Il ignition sources | | |
| | | Clean up all spills immediately. | | |
| | | tact with skin and eyes. | | |
| | | ersonal contact by using protective equipment. | | |
| | | ean up procedures and avoid generating dust. | | |
| | | suitable, labeled container for waste disposal | | |
| Containment | | personal contact, including inhalation. | | |
| | Wear protective clothing when risk of exposure occurs. | | | |
| | | | | |

| 8. Exposure Controls | / Personal Protection | <u>1</u> | | | |
|---------------------------|---|---|--|--|--|
| Engineering controls | | Local exhaust ventilation is required where solids are handled as powders or crystals; | | | |
| 2.13.110011113 0011110115 | | even when particulates are relatively large, a certain proportion will be powdered by | | | |
| | mutual friction. | | | | |
| | Exhaust ventilation | should be designed to prevent accumulation and re-circulation of | | | |
| | particulates in the workplace. | | | | |
| | If in spite of local ex | f in spite of local exhaust an adverse concentration of the substance in air could occur, espiratory protection should be considered. Such protection might consist of: | | | |
| | 1 7 1 | spirators, if necessary, combined with an absorption cartridge; | | | |
| | | s with absorption cartridge or canister of the right type; | | | |
| | (c): fresh-air hoods or masks | | | | |
| | Build-up of electros | static charge on the dust particle, may be prevented by bonding and | | | |
| | grounding. | grounding. Powder handling equipment such as dust collectors, dryers and mills may require additional protection measures such as explosion venting. | | | |
| | | | | | |
| | | | | | |
| | | enerated in the workplace possess varying "escape" velocities which, | | | |
| | | in turn, determine the "capture velocities" of fresh circulating air required to efficiently | | | |
| PPE | remove the contami Use personal protec | | | | |
| FFE | Ose personal protec | uve equipment | | | |
| 9. Physical and Chem | ical Properties | | | | |
| Physical State | Yellow Powder | | | | |
| Odour | Not available | | | | |
| Solubility in Water | Not available | | | | |
| Specific Gravity | Not available | | | | |
| рН | | Not available | | | |
| Boiling Point | Not available | | | | |
| Melting Point | Not available | | | | |
| Flash Point | N/A | | | | |
| Vapor Pressure: | N/A | | | | |
| Vapor Density: | N/A | | | | |
| 10. Stability and Read | <u>ctivity</u> | | | | |
| Thermal Decomposition | \overline{n} | No data available | | | |
| Dangerous Products of | | No data available | | | |
| Dangerous Reactions | | COx, NOx when burned | | | |
| Keep container tightly | closed in a dry well-ve | entilated place. Store in -20 °C, dry refrigerator. | | | |
| 11. Toxicological Info | rmation | | | | |
| RTECS Number | | N/A | | | |
| m | | N C | | | |

Toxicity

No information available.

| Health Hazards | Although ingestion is not thought to produce harmful |
|---|--|
| | effects, the material may still be damaging to the |
| | health of the individual following ingestion, especially |
| | where pre-existing organ (e.g. liver, kidney) |
| | damage is evident. In an occupational setting however, |
| | ingestion of insignificant quantities is not thought to be |
| | cause for concern. |
| Potential Hazards | Not available |
| Carcinogenicity: | No significant acute toxicological data identified |
| OSHA Permissible Exposure Limit(PEL) Data | N/A |
| ACGIH Threshold Limit Values (TLV) | N/A |
| (12) | - " |

Reproductive Toxicity:

No information available

12. Ecological Information

No information available.

13. Disposal Considerations

All waste must be handled in accordance with local, state and federal regulations. Legislation addressing waste disposal requirements may differ by country, state and/ or territory. Each user must refer to laws operating in their area. In some areas, certain wastes must be tracked.

14. Transport Information

| - | |
|----------------------------|-----|
| Hazard Class | N/A |
| Identification Number | N/A |
| Packing Group | N/A |
| Proper Shipping Name (DOT) | N/A |

15. Regulatory Information

California Proposition 65: N/A

US TSCA (Toxic Substance Control Act): N/A

US CERCLA (Comprehensive Environmental Response, Compensation, and Liability Act: N/A

US SARA Title III (Superfund Amendments and Reauthorization Act: N/A

US Other: N/A

EC EINICS (European Inventory of Existing Commercial Chemical Substances) Number: N/A

EC Risk Statements: N/A

Other Country Regulations: N/A

16. Other Information

It is not intended for food, drug, household, agricultural or cosmetic use. A technically qualified individual experienced in handling potentially hazardous chemicals must supervise its use. The above information is believed

to be correct but does not purport to be all inclusive and shall be used only as a guide. Users should make independent decisions regarding completeness of the information based on all sources available. AnaSpec shall not be held liable for any damage resulting from handling or from contact with the above product.
